

KAUAI

KAUAI COUNTY

IMPACT REPORT FY 2025

- **1,854,717** meals distributed
- **\$10,423,855** food value*
- **509,465 lbs.** of fresh produce
- **38** agency and community partners
- **9** kūpuna program partners
- **18** school pantries**
- **17** local farm, ranch, and food hub partners***

**The food value is calculated based on the total weight of distributions in pounds multiplied by the estimated retail value of the food distributed on Kauai (\$5.03)*

***In addition to school pantries, we have several other keiki programs that support children and families throughout the school year and in the summer.*

****Our food hub partners represent over 100 local farms and growers.*

In the face of rising food prices, increasing costs of shipping, and federal cuts, hunger has continued to plague the Garden Isle. As a result, **1 in 3 Kauai households currently face food insecurity.** Hawaii Foodbank Kauai works collaboratively with a network of nearly 40 agency partners to source and distribute food through a variety of nourishment programs, including those focused on serving Hawaii's most vulnerable populations: its keiki and kūpuna.

Read The State of Food Insecurity in Hawaii 2024-2025

Hawaii Foodbank is essential for addressing food insecurity across Hawaii, where high costs of living and reliance on imports make hunger a serious issue. Hawaii Foodbank **currently serves over 160,000 people each month** and, last year, **distributed food for nearly 20 million nutritious meals** – over a third of which was fresh, healthy produce.
